SUMMARY

Freelance **Graphic Designer** with over **5+ years of experience** in visual design, specialising in Adobe Photoshop 2019 CC. Successfully delivered creative solutions for **50+ clients**, including collaborations with **10+ game studios**, across branding, digital assets, and marketing creatives.

Founder of **Firsttrack AI**, with hands-on experience in building and consulting on technology-driven solutions. Currently serving as **Technical Lead at Green Credit**, where I design and implement automation and AI-driven systems, integrating intelligent workflows across the entire value chain to improve efficiency, scalability, and impact.

An **aspiring AI leader** with a strong interest in applied artificial intelligence, automation, and product innovation, combining design thinking with technical execution to build practical, future-ready solutions.

EXPERIENCE

Freelance Graphic Designer

HiddenDevs

06/2020 - 08/2024 Remote

Marketplace for Freelance Designers & Creative Professionals

05/2022 - 12/2023 Remote

Managing numerous graphic designers, quality control, re-making assets, keeping quality up to the mark, UI/UX, game thumbnails, game icons.

- 5 Thumbnails, 7 Game Icons, 43 UI Frames, 3 Ads

Technical Lead

Green Credit

2024 - 12/2025 Pune, India

Led the technical vision and execution for **Green Credit**, an AI-enabled sustainability platform developed as part of a national-level entrepreneurship initiative. Took ownership of end-to-end technical planning, translating the product vision into a scalable and modular system architecture.

- Leading the development of AI-driven sustainability features, including carbon footprint estimation, impact tracking, and intelligent recommendation workflows.
- Integrating automation across the value chain, streamlining processes such as data ingestion, verification workflows, user engagement mechanisms, and reward allocation.

This role strengthened my ability to lead technical teams, architect real-world AI systems, and build solutions that balance innovation, feasibility, and social impact.

- Highlight your accomplishments, using numbers if possible.

EDUCATION

Class X

AECS Magnolia Maaruti Public School - India

2015 - Present

KEY ACHIEVEMENTS

All India Rank 1 | Junior Entreupreneurship Competition held at IIT Bombay (Eureka! Junior 2025)

Secured 1st Rank at a national-level entrepreneurship competition organised by E-Cell, IIT Bombay. Conceptualised and led the development of **Green Credit**, an AI-enabled sustainability platform focused on verifying eco-friendly products, tracking individual and institutional environmental impact, and incentivising sustainable behaviour through measurable rewards and gamification.

The solution addressed critical issues such as greenwashing, lack of impact transparency, and low youth engagement, and was evaluated for innovation, feasibility, scalability, and social impact by industry and academic experts.

10th Board Result (95.0% Overall)

- Achieved **excellent overall academic performance** with consistently high scores across technical, scientific, and humanities subjects.

- **Information Technology:** 99
- **Social Studies:** 98
- **Science:** 95
- **Hindi (Second Language):** 94
- **Mathematics:** 90

Demonstrated strong analytical ability, technical aptitude, and conceptual understanding across diverse disciplines.
